Dear Mr. Mehta,

On behalf of the National Institute for the Defense of Competition and the Protection of Intellectual Property – INDECOPI, I would like to thank you for the courtesy in sending us the CUTS publication “30 Years of Social Change”.

The mentioned publication shows the remarkable work done by CUTS; I am very impressed about all the outstanding comments of your former colleagues.

It was very interesting to meet you during last OECD Global Forum on Competition, and I hope this was the beginning of a long standing relationship.

Finally, I take this opportunity to express the assurances of my highest consideration and looking forward to meeting you again in the near future.

Sincerely yours,

Ivo Gagliuffi Percechi
Chairman of the Board of Directors
